

Announcement

In expanding its database of freelances, DCMP is inviting qualified freelance Interpreters, Translators and Translation Assistants for **ARABIC** and **PORTUGUESE** Language categories to show interest in inclusion in DCMP Roster by filling the relevant online form and attaching their CVs and other academic credential.

Attached are the Terms of Reference for each category. Please note that **June 30, 2019 mid-night** is the deadline for receiving applications.

All applications will go through the AUC selection process which may end up in offering Framework Contract, which enables DCMP to hire successful candidates as and when their services are required.

However, former DCMP staff of each category with the required academic qualifications, whose data are already in the AUC System, are not required to fill the online form. Instead they will have to write to DCMP indicating their interest in being included in the roster.
