DECLARATIONS, RECOMMENDATIONS AND RESOLUTIONS OF THE COUNCIL OF MINISTERS MEETING IN ITS TWELFTH ORDINARY SESSION HELD IN ADDIS ABABA, ETHIOPIA FROM 17 TO 22 FEBRUARY 1969
DECLARATION MADE BY THE COUNCIL OF MINISTERS OF THE ORGANIZATION OF AFRICAN UNITY AT ITS TWELFTH SESSION PURSUANT TO THE STATEMENT MADE BY THE HEAD OF THE DELEGATION OF THE UNITED ARAB REPUBLIC

The Council has heard a statement made by the Head of the Delegation of the United Arab Republic regarding the situation which has prevailed in the Middle East since the last OAU Summit meeting held in Algiers in September 1968,

Bearing in mind the fact that the situation in this part of the world is deteriorating dangerously, and that the Government of the UAR declares itself prepared to implement the Security Council’s resolution of 22 November 1967;

DECLARE BY
THE COUNCIL OF MINISTERS ON DECOLONIZATION AND APARTHEID

1. During its Twelfth Ordinary Session, the Council of Ministers has received full information on developments in territories under colonial and racist domination. It has expressed concern about the constantly increasing deterioration in the said territories.

2. The Council reaffirms its resolutions CM/Res. 149 to 155 which were adopted at its Eleventh Ordinary Session and approved by the Assembly of Heads of State and Government, and requests all Member States to take all appropriate steps to ensure the implementation of these resolutions.

3. On Zimbabwe, the Council takes formal note of the efforts exerted by the African Heads of State and Government at the Commonwealth Prime Ministers’ Conference and deplores the negative attitude of the United Kingdom Government. In this connection, the Council condemns and rejects the proposals of the United Kingdom Government, known as the “FEARLESS” proposals, which run counter to the fundamental rights of the African population, strengthen the position of the white minority and encourage the establishment of apartheid in Zimbabwe.

4. The Council reaffirms that the future of Zimbabwe cannot be negotiated with an illegal regime which has seized power in Zimbabwe.

5. The Council further reaffirms that armed struggle is the only means of settling the Zimbabwe problem, and denounces the latest manoeuvres of certain so called African opposition leaders who are trying to convince others that it is still possible to negotiate with the rebel regime.
6. The Council, therefore, calls upon Member States to study the best ways and means of rendering the armed struggle more effective, and to take appropriate steps to that end.

7. The Council of Ministers has been informed of the air transport agreement concluded between the Pretoria regime and the Government of the United Kingdom to ensure the release of this valiant freedom fighter and to ensure that Africans do not fall victims of these manoeuvres by the illegal Ian Smith regime.

8. The Council of Ministers has been informed of the air transport agreement concluded between the Pretoria regime and the Government of the United States. The Council condemns this agreement and deplores the unco-operative attitude on the part of the United States Government, which is contrary to United Nations resolutions, and to the assurances repeatedly given by the United States itself that it is only some U.S. private companies that still maintain economic and trade relations with South Africa. The Council addresses an urgent appeal to the United States Government to reconsider this agreement.

9. With regard to Mozambique, the Council vehemently deplores the brutal assassination of such a brave African as Dr. Mondlane, and appeals to the African populations in Mozambique to intensify their struggle to liberate their country, in order to demonstrate that the sacrifice made by Dr. Mondlane has not been in vain.

10. The Council has once again taken note with regret of the rift that exists between all the Liberation Movements. It reiterates its appeal to the liberation movements, and in particular to FNLA and MPLA, to form a common front, which alone can guarantee final victory in their struggle.

11. The Council has noted with satisfaction the distinctly positive results attained by the PAIGC in Guinea-Bissau, and encourages this movement to redouble efforts for the total liberation of the territory.
12. The Council of Ministers condemns the growing military co-operation between the regime of Pretoria, Lisbon and Salisbury. In this connection, the Council recommends that Member States should reconsider their approach to the General problem of the liberation struggle in the territories that are still dependent.
RECOMMENDATIONS CONCERNING THE CO-ORDINATING COMMITTEE FOR THE LIBERATION OF AFRICA

The Council of Ministers of the Organization of African Unity, meeting in its Twelfth Ordinary Session in Addis Ababa, Ethiopia, from 17 to 22 February 1969, recommends as follows:

1. That in view of the fact that little progress has been made in the liberation struggle during the period from September 1968 to February 1969, that a review of the strategy in the conduct of the armed struggle should be effected. The Ad hoc Committee of 17 Military Experts should therefore be convened to study ways and means of implementing such a strategy.
In addition the Ad Hoc Committee should study the following:

(a) Distribution of means of struggle
(b) Storage of war equipment
(c) Improvement of transit facilities

The report of the Ad hoc Committee of 17 Military Experts should be submitted to the 15th session of the Co-ordinating Committee for the Liberation of Africa which would in turn submit its recommendation to the next session of the Council of Ministers.

2. Since there is a necessity for Member States of the OAU to associate themselves more closely with the activities of the Liberation Committee, it would be appropriate that all members of OAU attend the meetings of the Committee as observers without participating in the debates. The liberation Committee will reserve the right, in order to continue safeguarding the secrecy of its work, not to circulate documents to those Member States who have diplomatic relations with Portugal and the regimes of Pretoria and Salisbury.
3. Following an extensive discussion on the interpretation of the resolution CM/.Res.136 (X) of the Fifth Ordinary Session of the Assembly of Heads of State and Government, concerning the review of the status of FNLA as a government in exile, the council of Ministers recommends to the Assembly of Heads of State and Government that it review the status of FNLA and make a definite pronouncement on this issue during its next session.

4. That regular military bulletins on the activities of the various liberation movements should be circulated to Member States of the OAU which have no diplomatic relations with Portugal and the regimes of Pretoria and Salisbury by the Liberation Committee. For the implementation of this recommendation, the necessary financial provisions should be made by the Council.

5. That the Administrative Secretary General in conjunction with the Sub-Committee appointed by the Advisory committee on Budgetary matters should,

   (i) Investigate the root-cause of non-contribution by Member States to the Special Fund and the reasons accounting for the loss of enthusiasm in the Liberation Committee.

   (ii) Examine the problems confronting the Liberation Committee, and present such recommendation as would help the Committee in the execution of its assignment.

   (iii) Invite the attention of the Executive Secretariat of the Liberation committee to the need for adoption of an improved accounting system.

   (iv) Investigate the problems which beset the functioning of the Executive Secretariat.
6. That the Executive Secretariat of the Liberation Committee is requested to prepare and submit to the Standing Committee on Defence a regular inventory of receipts and disposition of arms and other war materials bought, or donated to the Liberation Committee for the Liberation Movements.

7. That the Council of Ministers approve the recommendations of the Liberation Committee concerning the establishment of a Sub-Committee which would carry out a thorough study of the division within the leadership of the Pan-Africanist Congress (P.A.C.) of South Africa with a view to recommending on the genuine leadership of that Liberation Movement.

8. That the Council of Ministers approve the recommendation of the Liberation Committee that the Executive Secretariat should make the necessary administrative arrangements for the training and deployment of the P.A.C. cadres now stationed in Tanzania and whatever other arrangements it may deem fit for the purpose of maintaining liaison with the training camps and the cadres of P.A.C.
