  - (a) A Fund shall be established out of a levy from the sale of oil to both developed and developing countries;
  - (b) that the oil producing nations should not be asked to bear the cost of establishing this Fund;
  - (c) the Fund thereby created from a levy from the sale of oil to both developed and developing countries should consist of a small addition to the present price and should be distributed to the developing countries in accordance with the proportion that the amount of oil purchased by any developing country in 1973 bears to the total amount purchased by all developing countries for that year;
  
3. DECIDES to accept and use this formula with necessary adaptations in respect of other commodities produced by Non-Aligned Nations in order to make a similar equitable readjustment in favour of the developing countries;
  
3. RECOMMENDS that the Secretary General of the OAU transmits this decision to the Secretary General of the O.P.E.C. and the Secretary General of the United Nations.
