DECLARATION ON THE UN CONFERENCE ON THE LAW OF THE SEA

The Member States of the Organization of African Unity at the Eighteenth Ordinary Session of the Assembly of Heads of State and Government meeting in Nairobi, Kenya, from 24 to 28 June, 1981, after having considered very carefully the conclusions of the first part of the last Session of the Third UN Conference on the Law of the Sea declares as follows:

1. The timely adoption of a comprehensive convention of the Law of the Sea which takes into account the interest of the developing countries will make a significant contribution towards the establishment of a new and just international economic and political order;

2. The Draft Convention now before the Law of the Sea Conference goes far to attain this objective, considering the compromise which reflects the willingness of States to obtain conclusive results within a reasonable period;

3. In their considered opinion the lack of progress noted at the last session of the Conference held in New York was mainly due to the stand adopted by one of the main participants in the negotiations (the United States of America) to call into question the agreement and understanding which has been painstakingly negotiated over many years by the International community, and it would not be in the interest of the international community that States abandon that spirit of compromise;

4. Any National legislation authorizing the unilateral exploitation of the Sea-Bed beyond the limits of national jurisdiction has no basis whatsoever in International Law;

5. The unduly protracted negotiations should come to a close during the resumed Tenth Session in Geneva in July/August 1981 and CALL UPON all
States to go to the Conference ready and willing to negotiate in earnest and in
good faith to ensure that it concludes its work in accordance with the
programme of work it adopted at the end of its Ninth Session;

6. The continuing concern of the African producers of minerals whose
economies are likely to be adversely affected by uncontrolled exploitation of
such minerals from the Sea-Bed be thoroughly examined and satisfactorily
resolved;

7. The interests and rights of African land locked and geographically
disadvantaged countries should be safeguarded in the future Convention;

8. It is, therefore, their earnest hope that all nations of the world will show their
willingness to ensure the speedy conclusion of the Convention in the interest
of the welfare and progress of mankind.
RESOLUTION ON WORLD CHARTER FOR NATURE

The Council of Ministers of the Organization of African Unity, meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 to 26 June, 1981,

Conscious that life on earth is part of Nature and that it depends on the uninterrupted functioning of natural systems,

Convinced that the benefits that can be derived from Nature depend on the conservation and maintenance of natural processes and of the diversity of forms of life and that these benefits are jeopardized by excessive or abusive exploitation and destruction of the natural habitats,

Strongly determined to safeguard the balance of natural systems and to ensure the protection and conservation of Nature,

Considering that the Extraordinary meeting of the Ministers for Foreign Affairs and Heads of Delegations of Non-Aligned Countries, held in New York from 2 to 3 October 1980, retained the question of the World Charter for Nature as one of the priority items to be considered by the United Nations General Assembly,

Recalling the pertinent provisions of the Lagos Plan of Action on the protection of Nature and environment,

Recalling Resolution 35/7 of 30 October 1980 adopted by the General Assembly of the United Nations Organization on the Draft Word Charter for Nature which, solemnly invites, all states, in the exercise of their permanent sovereignty over their natural resources, to conduct their activities in recognition of the supreme importance of protecting the natural systems, maintaining the balance and the quality of Nature and conserving natural resources in the interest of humanity as a whole:
1. AFFIRMS that the destruction of the eco-systems and the over-exploitation of resources lead to the collapse of the economic, social and political structures of civilization;

2. RECOMMENDS therefore that the United Nations General Assembly adopt the draft World Charter for Nature;

3. REQUESTS the African Group at the United Nations to follow-up the matter;

RESOLUTION ON NAMIBIA

The Council of Ministers of the Organization of African Unity, meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 to 26 June, 1981,

Reaffirming the inalienable rights of the people of Namibia to self-determination, freedom and national independence including Walvis Bay, Penguin and other offshore Islands, in accordance with all the relevant resolutions and decisions of the United Nations, the OAU and the Non-Aligned Movement, in particular General Assembly Resolution 1514 (XV) of 14 December 1960 and Security Council Resolutions 385 (1976), 432 (1978), 435 (1978) and 439 (1978), and the legitimacy of their struggle, especially the armed struggle, to secure the enjoyment of such rights,

Reaffirming the legal responsibility of the United Nations with respect to Namibia in terms of General Assembly Resolutions 2145 (XXI) of 1966 and 2248 (S-V) of 1967,

Bearing in mind the fact that the United Nations Council for Namibia is the sole legal administering authority over Namibia until genuine independence is achieved in the Territory, and commending the council for its work in fulfillment of the mandate entrusted to it by the General Assembly,

Having heard all the statements made before the Council of Ministers in particular that made by Mr. S. Nujoma President of SWAPO, which is the sole legitimate and authentic representative of the people of Namibia,

Deeply concerned about the continued illegal occupation of Namibia by the racist, terrorist South Africa and its blatant refusal to implement United Nations resolutions and decisions on Namibia;
Gravely concerned at the present critical situation created by fascist South Africa in and around Namibia, which constitutes a serious threat to international peace and security;

Noting with concern the fact that the South African illegal occupation regime intensifies its repression, imprisons and assassinates Namibians due to their unflinching commitment to the cause of liberation of their country;

Deeply concerned about the repeated acts of aggression committed by mercenaries, terrorist forces and para-military police of the racist Pretoria regime as well as other subversive activities being carried out in the Southern African region by puppet traitor groups and counter-revolutionary elements in the service and interest of imperialism and racist colonialists;

Noting with satisfaction the heroism of the valiant patriots and fighters of the Namibian Revolution, under the leadership of SWAPO, for pursuing a multi-form struggle, at military, political, social and diplomatic fronts;

Noting with satisfaction the progress made and the victories scored by the People’s Liberation Army of Namibia (PLAN), the military wing of SWAPO, as evidenced by the relevant documentation and other supplementary information contained in the report of the Executive Secretariat;

Recalling the relevant resolutions and decisions of the Seventeenth Ordinary Session of the Assembly of Heads of State and Government, the relevant part on Namibia of the New Delhi Declaration of 14 February, 1981, the Resolution on Namibia adopted by the OAU Council of Ministers at its Thirty-sixth Ordinary Session in Addis Ababa,

Bearing in mind the joint Communique issued in Luanda on 15 April, 1981 by the Heads of Frontline States of Southern Africa,
Recalling the final communique of the Extra-Ordinary Ministerial meeting of the Co-ordinating Bureau of the Non-Aligned Countries, held in Algiers from 15 to 18 April, 1981 on Namibia,

Strongly deploring the policies of the major NATO powers which, despite the resolutions and decisions of the UN, the OAU and the Non-Aligned Movement as well as the advisory opinion of the International Court of Justice of 21 June, 1971, continue to co-operate with racist, terrorist South Africa in spite of its illegal occupation of Namibia,

Indignant at the triple vetoes cast by the Governments of the United States, the United Kingdom and France on the Namibian question, thus frustrating the will of the majority in the Security Council and of the international community:

1. **REAFFIRMS** the urgent need for the oppressed people of Namibia to exercise, as soon as possible, their inalienable right to self-determination, freedom and national independence in a united Namibia, including Walvis Bay and the Penguin and other offshore islands;

2. **REAFFIRMS** that Namibia is the legal responsibility of the United Nations until genuine self-determination and national independence are achieved in the Territory;

3. **ENDORSES** the Panama Declaration and the Programme of Action on Namibia adopted by the United Nations Council for Namibia on 5 June 1981;

4. **DECLARES** that racist terrorist South Africa’s illegal occupation of Namibia, its attempt to annex Walvis Bay, its persistent defiance of the UN, its war of repression being waged against Namibians, its repeated acts of aggression launched from Namibia against independent African States, its colonialist expansionism its policy of apartheid constitutes a serious threat to international peace and security;
5. CONDEMNS fascist South Africa for its continued illegal occupation of Namibia, its attempt to annex Walvis Bay and its blatant refusal to comply with resolutions and decisions of the United Nations;

6. STRONGLY CONDEMNS the United States, the United Kingdom and France for their collusion with the South African racists as manifested in the triple vetoes in the Security Council where the majority of the world body demonstrated its determination to adopt concrete political and economic measures aimed at isolating terrorist South Africa in order to compel it to vacate Namibia;

7. FURTHER CONDEMNS the overt or covert collusion of certain Western countries in particular the United States of America with the South African racists which have obstructed the efforts of the international community to achieve this objective;

8. REAFFIRMS that Security Council Resolution 435 endorsing the UN Plan for the Independence of Namibia as the only basis for a negotiated settlement of the Namibian problem and CALLS FOR the immediate and unconditional implementation of that resolution without any prevarication, qualification or modification;

9. REJECTS the latest sinister schemes by certain members of the Western Contact Group in particular the USA, aimed at forcing the international community to abandon Security Council Resolution 435 endorsing the UN Plan for the Independence of Namibia, and depriving the oppressed Namibian people of their hard won victories in the struggle for national liberation;

10. EXPRESSES its profound dismay as regards the demonstrated unwillingness by certain members of the Contact Group to carry on with the implementation process, which it has itself initiated, and to exert the
necessary pressure on the racist Pretoria regime to force it to comply with Security Council resolutions 435 and 439;

11. REJECTS attempts by the USA, the United Kingdom and France as was the case at the UN Security Council last April to present puppet elements as the true representation of the people of Namibia;

12. DENOUNCES the emerging unholy alliance between Pretoria and Washington characterized by baseless hostility against Angola and their collusion to intensify acts of destabilization in that country as well as to misrepresent the nature of the colonial conflict in Namibia as one of global strategic considerations;

13. RENEWS its pledge to render material, military, financial, political, humanitarian, diplomatic and moral assistance to SWAPO;

14. CONDEMNS the continued illegal exploitation and plundering by racist South Africa and Western Transnational Corporation of Namibia’s natural resources, in violation of Decree No.1 of the UN Council for Namibia for the protection of the natural resources of the Territory;

15. CONDEMNS also the increasing military build-up by the terrorist Pretoria regime in Namibia coupled with the use of mercenaries as well as conscription of the Namibian youth at a gunpoint into the colonial occupation army and para-military police;

16. CONDEMNS and REJECTS racist South Africa’s attempt to promote and install a puppet regime in Windhoek with a view to declaring a fake independence in Namibia;

17. REAFFIRMS the fact that due to the intransigence of the illegal occupation regime of Pretoria, the armed struggle remains the most effective course of action for bringing about the independence of Namibia;
18. REAFFIRMS its commitment to the Namibian Plan of Action and calls upon all Member States and others to facilitate its speedy and effective implementation;

19. URGES all friendly countries and other supporters of the liberation struggle in Southern Africa to contribute generously towards the Emergency Namibia Liberation Fund set up by the OAU;

20. WELCOMES the establishment of a Solidarity Fund by the Non-Aligned Movement to strengthen SWAPO’s efforts in expediting Namibia’s independence;

21. RECOMMENDS that effective co-ordination should as soon as possible be established between the OAU and Non-Aligned Movement in consultation with SWAPO;

22. CALLS for a world wide campaign to be launched to ensure that South Africa is isolated and that comprehensive mandatory sanctions including oil embargo are imposed against it with a view to forcing it out of Namibia;

23. REITERATES the call for the convening of an Emergency Special Session of the General Assembly on the Independence of Namibia during the first week of September, 1981 and calls upon all OAU Member States to participate at Ministerial level;

24. CALLS UPON all friendly countries, national and international organizations to respond immediately and effectively to appeals made by SWAPO and/or the Frontline States whose security and sovereignty are constantly threatened by the racist, terrorist South Africa;
25. RECOMMENDS to the Chairman of the Eighteenth Assembly of Heads of State and Government to launch a world-wide campaign to mobilize financial resources for SWAPO;

26. EXPRESSES its profound gratitude to the UN Secretary-General for his tireless efforts and for his defence of the principle of the right to self-determination and independence of the oppressed people of Namibia and for the initiative he has taken to expedite a negotiated settlement in Namibia.
The Council of Ministers of the Organization of African Unity meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya, from 15-26 June 1981,

Having heard and considered the reports and statements of the National Liberation Movements of South Africa,

Noting with satisfaction, appreciation and commendation the concerted and intensified struggles by all sections of the oppressed people of South Africa to free themselves from national oppression and racist domination,

Noting also the intensification in repression by the apartheid regime, characterized by police brutality against Black workers and students, bannings and detentions of Black leaders and activists without trial and confiscation of passports,

Outraged by the savage sentencing to death of militants of the African National Congress, Johnson Lubisi, Naphtali Manana and Petrus Mashingo by the racist regime of South Africa,

Concerned at the current trial against three members of the African National Congress, Selby Mavuso, David Thobela and Thibo Ntsekang abducted by the South African racist troops during their invasion of the People’s Republic of Mozambique on January 31, this year and the barbarous attack on the ANC refugee residents,

Noting with appreciation the determined demand by the international community and the people of South Africa for the release of Nelson Mandela and all other political prisoners,

Indignant at the unabated implementation by the apartheid regime of the Bantustan system and preparations that are being made to impose bogus independence on the Ciskei thereby intensifying the abominable policy of dividing South Africa into racial and tribal enclaves,
Gravely concerned about the frequent threats and acts of aggression against Frontline States and the actual aggression undertaken by the racist regime against the People’s Republic of Mozambique, the People’s Republic of Angola and the Republic of Zambia,

Apprehensive of the intentions of the US Administration to forge closer links with racist South Africa as attested by statements made by President Reagan and the visit to the US by racist South African high ranking military officials and the racist Foreign Minister of South Africa, Pik Botha,

Convinced that the renewed plans for the creation of the South Atlantic Treaty Organization involving South Africa, certain Latin American countries and the US constitute a serious threat to the peace and security of the African continent,

Noting with indignation the recent vetoing of resolutions of the United Nations Security Council to impose comprehensive mandatory economic sanctions against apartheid South Africa by the USA, France and Britain,

Concerned about the fact that some Western countries continue to supply weapons to South Africa in gross violation of the provisions of the United Nations Security Council Resolution No. 418 forbidding the supply of weapons and all related material to the apartheid regime,

Noting with satisfaction the results of the International Conference on Sanctions against South Africa organized by the United Nations in co-operation with the Organization of African Unity which was held in Paris from 20 to 27 May 1981:

1. COMMENDS the National Liberation Movements, particularly the ANC, as well as the oppressed people of South Africa for intensifying armed and sabotage actions against the racist regime;

2. CALLS UPON Member States of the OAU, members of the Movement of Non-Aligned countries Socialist countries, the Scandinavian countries and
non-governmental organizations to increase military, financial, material and humanitarian assistance to the National Liberation Movements of South Africa in order to enhance their capability to intensify the struggle for freedom and justice, particularly the armed struggle;

3. CONDEMNS the Pretoria racist regime for its continued pursuit of its apartheid policies, its acts of repression and brutality, including the shooting of unarmed school children;

4. APPEALS to all governments and the international community to intensify efforts to secure the release of Johnson Lubisi, Naphtali Manana and Petrus Mashingo, and stop the racists from executing them for engaging in activities aimed at the eradication of the system of apartheid;

5. CALLS UPON the international community to exert pressure on the apartheid regime to release and return to the Mozambican Government the three men abducted by racist troops during their invasion to the People’s Republic of Mozambique and the barbarous attack on ANC refugee houses in Matola;

6. CALLS once more for world-wide actions by all opponents of apartheid aimed at exerting pressure on the apartheid regime for the immediate release of Nelson Mandela and all political prisoners convicted under the apartheid laws;

7. CONDEMNS the Pretoria regime’s announced intention to grant “independence” to the Ciskei Bantustan in December 1981, and CALLS UPON the international community to refuse to accord recognition to the Ciskei Bantustan and to all such artificial entities established by the Pretoria racist regime in pursuit of its apartheid policies;
8. REAFFIRMS its total rejection of the Bantustan and CALLS UPON governments, organizations and individuals not to grant any form of recognition to the so-called Independent States;

9. STRONGLY CONDEMNS racist South Africa’s unprovoked acts of aggression against the independent sovereign States of the People’s Republic of Angola and the People’s Republic of Mozambique as well as for her threats of aggression against Zambia, Zimbabwe, Lesotho, Botswana and Swaziland and CALLS UPON all governments to increase their political, financial and military aid to these countries to bolster their defence capabilities;

10. CONDEMNS the US Administration for undertaking steps to forge close links with the apartheid regime and CALLS UPON it to desist from reviving support for the racist-trained bandits operating against the People’s Republic of Angola;

11. STORNGLY CONDEMNS the present US Administration for reviving maneuvers to create the South Atlantic Treaty Organization which includes the racist South African regime and APPEALS to the United Nations to undertake such measures as would ensure that this sinister organization is not established;

12. VEHEMENTLY DENOUNCES the USA, France and Britain for vetoing the resolution of the United Nations Security Council calling for an imposition of comprehensive mandatory sanctions including an oil embargo against South Africa and considers the vetoes cast as an act of utter disregard for the aspirations of Africa and the International community;

13. REQUESTS the Africa Group at the United Nations to pursue its efforts with a view to getting the UN Security Council to tighten its Resolution No.418 forbidding the supply of arms and related material to apartheid South Africa and to ensure the strict observance of the arms embargo;
14. APPEALS to all governments, particularly to apartheid South Africa’s main trading partners, and the international community to fully implement the Declaration of the Paris Conference on Sanctions Against South Africa.
RESOLUTION ON THE NAMIBIAN QUESTION –
IMPOSITION OF UNILATERAL SANCTIONS AGAINST SOUTH AFRICA

The Council of Ministers of the Organization of African Unity meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 - 26 June 1981,

Having considered the report of the Executive Secretary on the question of Namibia in particular regarding the recent Security Council debate on Namibia during which the three Western permanent members of the Council vetoed proposals for comprehensive mandatory sanction against South Africa for its refusal to comply with Security Council decisions on Namibia,

Having heard the statement made by the Assistant Secretary-General of the OAU in Charge of Political affairs,

Having heard the statement of the Representative of SWAPO,

Recognizing the responsibility of all OAU Member States, to honor and implement all United Nations and OAU resolutions on Namibia as a demonstration of their support to the Namibian cause,

Recognizing further Africa’s responsibility and commitment to fully implement its own resolutions on sanctions against South Africa:

2. RECOMMENDS in particular, for immediate implementation measures calling upon Member States to deny landing rights and use of their airspace
to all aircraft originating from and flying to South Africa as well as prohibition of the use of their sea-ports to ships sailing to and from any South African ports; and FURTHER RECOMMENDS to the Secretary-General to convene as soon as possible, a meeting of aeronautical experts to study the problem in all its aspects*

3. CALLS UPON the international community to impose sanctions unilaterally against South Africa by implementing relevant UN and OAU resolutions and decisions;

4. REQUESTS Member States to declare in concrete terms their determination and preparedness to assist those countries in Southern Africa, which, due to geographical and historical reasons have links with South Africa, to free themselves from those tentacles;

5. FURTHER CALLS UPON the international community to render assistance to the Frontline countries and the countries with historical and geographical ties with South Africa so that they can terminate their economic dependence on South Africa;

6. CALLS FOR special consideration to be given to the situation of the countries neighboring South Africa taking into account their special geographical and historical situation;

7. CALLS UPON the friendly countries to intensify their efforts to extend as a matter of urgency, all support and assistance, including military assistance, to Frontline States which have rendered and continue to render all the necessary support to the oppressed people of Namibia and South Africa, in conformity with

* Kenya expressed its reservations.
the Charters of the United Nations and the Organization of African Unity. Such assistance will enable them to strengthen their defence capability in the exercise of their legitimate right to self-defence against the repeated acts of aggression perpetrated by the South African regime.
RESOLUTION ON SPORTING LINKS WITH SOUTH AFRICA

The Council of Ministers of the Organization of African Unity meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 to 26 June, 1981,

Recalling the International Declaration Against Apartheid in Sports adopted by the United Nations General Assembly,

Considering the fact that the racist South African regime is increasingly using sports to break its International isolation,

Aware that the Irish Rugby Football team had recently toured South Africa in violation of the United Nations Resolutions and the International Declaration Against Apartheid in Sports,

Reiterating the relevant decisions of the OAU making the Palestinian Question an Arab and African issue,

Conscious of the seriousness of the present situation resulting from the continued occupation of Palestinian and Arab territories by Israel, its refusal to respect the resolutions of the General Assembly and the Security Council of the United Nations, its firm determination to establish settlements in the occupied Arab territories, especially in Jerusalem, thus altering the geographical, demographical, cultural and social characteristics of Palestine,

Reaffirming the legitimacy of the struggle of the people of Palestine led by the Palestine Liberation Organization (PLO) to recover their land and exercise their national rights,

4. STRONGLY CONDEMNS the expansionist, colonialist, segregationist and terrorist design of Israel aimed at imposing a fait accompli on the occupied territories, also CONDEMNS the policy of expansion, establishment of settlement, expropriation of lands and the massive or individual extermination of people with a view to forcing them to emigrate, to modify the demographic characteristics of the territory, and to expel the leaders of the people of Palestine thinkers and citizens as well as other Arab peoples especially the Lebanese people;

11. CALLS UPON the pertinent development orientated organizations and agencies of the United Nations system to envisage, at the stages of conception and implementation, all concerted efforts and co-ordinated actions aimed at harmonizing assistance programmes in the countries of asylum as well as in the countries of origin, during the repatriation process, the current or future development programmes, so that the potentialities of refugees or returnees may constitute an advantage rather than a burden on national development;

RESOLUTION ECA/UNTACDA/RES.79/6

FREEDOM OF THE AIR

The Conference of African Ministers of Transport, Communications and Planning meeting at Addis Ababa from 9 to 12 May, 1979,

Considering the importance of air transport as a major factor in accelerating the socio-economic development of African countries,

Considering that development of air transport implies co-operation among African airlines in the commercial, technical and operational activities,

Considering the acute need to provide shorter and quicker air services linking African cities with sufficient frequency through a grid system,

Considering the benefits to be derived from the joint operation of new and existing air routes by African Airlines,

Considering that the basis for meaningful co-operation and integration of African airlines is the liberalization of traffic rights for African carriers,

Considering that African airlines through the African Airlines Association have agreed and resolved to facilitate the granting of traffic rights, within Africa to African airlines,

Considering that members of that airlines Association at the ninth annual general assembly adopted a resolution,
Considering further that AFCAC at its fifth plenary session adopted recommendations on the policy of African States concerning bilateral air transport agreements,

Considering the global strategy for the implementation of the United Nations Transport and Communications Decade in Africa,

DECLARES:

1. All African States shall facilitate the granting of traffic rights, especially the Fifth freedom rights within Africa to airlines of the OAU Member States. To reach the same objectives of developing intra-African transport links to the states shall use forms of co-operation like the purchase of blocked space or other arrangements. In granting such rights, the interests of the national airline shall be taken into consideration,

2. The right of transit and landing for technical reasons (first and second freedoms of the air) as stipulated in the Chicago Convention on International Civil Aviation and in the International Air Services Transit Agreement shall be granted without restriction to all airlines of OAU Member States;

3. RECOMMENDS that the concept of sabotage and its implications on international air transport in Africa be examined by AFCAC in order to promote the development of intra-African air transport;

4. RECOMMENDS that all African States shall avoid the granting of Fifth freedom rights within Africa to non-African airlines at least without having a similar right granted outside of Africa;
5. RECOMMENDS that African Airlines study and implement in the course of
the decade the appropriate provisions with a view to achieving regular air
links between the various sub-regions of Africa.
ANNEX IV: NOTE ON THE RESOLUTION ON THE FREEDOM OF THE AIR

Introduction

1. Inter-State relations as far as international air transport is concerned have their basis in the legal system developed in 1944 at Chicago. This system comprises a convention concerning international civil aviation which determines the principles of inter-state co-operation in this area. The Chicago Conference also had as its objective the adoption of a multinational agreement on the operation of air services, but was unable to meet this objective. The system developed at this Conference for air rights nevertheless constituted a point of reference for the negotiation of all inter-state agreements. This system comprises what have come to be known as the five air freedoms. The first two freedoms, which are considered to be technical liberties (the right to fly-over a State’s territory – first freedom, and the right to land for technical reasons – second freedom), have been incorporated in a multilateral agreement called the International Air Transit Agreement. The other three freedoms contain provisions of a commercial nature; they constitute the basis of all inter-State transport negotiations since the conclusion in 1946 of the bilateral agreement between the United States and the United Kingdom known as the Bermuda Agreement, which sanctioned bilateralism in International Air Transport Operations following the failures of the Chicago attempt.

2. The third and fourth transport freedoms between two signatory States of a bilateral air transport agreement do not generally pose any particular problems in conventional bilateral negotiations, in which the balancing of concessions of the parties gives way to more varied exchanges (route for route, rights for rights). The States have at their disposal a broad range of
opportunities from which they can select combinations of the operating rights they may exchange.

3. Third and fourth freedom traffic rights, i.e., the rights to carry traffic between two States parties to a bilateral air services agreement, constitute the basis for the establishment of commercial relations between the two States concerned.

4. In terms of international aeronautical policy, the fifth freedom traffic is considered to be supplementary traffic. The fifth freedom traffic right implies, in the negotiation of a bilateral agreement, the possibility of transporting traffic of a State that is party to the agreement to or from a third State situated at an intermediate point between the two signing States, or to a point beyond one of them.

5. The exercising of fifth freedom rights thus implies the conclusion of an agreement with a third party by one or the other of the two parties seeking to carry the traffic coming from or destined to the third State.

6. There is a basic link between the system of bilateral agreements in operation throughout the world, beginning with the 1946 Bermuda Agreement, and the multilateral expression of the tariff aspect of these agreements stemming from the existence of a traffic clause which acknowledges either formally, by making reference to it, or tacitly the authority of the International Air Transport Association (IATA) in the setting of international rates.

The current status of air transport in Africa

7. The current status of African air transport is characterized by the lack, indeed absence, of inter-State air links. This situation is explained in particular by the difficulties encountered by airlines in benefiting from traffic rights, notably fifth freedom rights. In the face of this situation, most African airlines find themselves obliged to operate a network that is oriented
north/south. The restructuring of the intra-African network must be seen in terms of improving intra-African services, while ensuring the development of links with other continents.

8. The low level of inter-State traffic does not always justify the establishment of direct links between States signatory to the air agreement and necessitates turning to fifth freedom traffic.

Resolution of the first Conference of Ministers of Transport, Communications and Planning

9. At their first Conference in May 1979, the Ministers of Transport, Communications and Planning adopted two resolutions (resolution ECA/UNTACDA/79/6 and 79/7) concerning the liberalization of traffic rights and the establishment of an African tariff conference respectively.

Statement of general civil aviation policy

10. A statement of general civil aviation policy was adopted by the Thirty-fifth session of the Council of Ministers (Doc.CM/1069 (XXXV) and approved by the seventeenth session of the Assembly of Heads of State and Government of OAU at Freetown in July 1980. This statement, which concerns all areas of AFCAC activity, comprises the governing principles for individual or collective action by OAU Member States to apply these directives.

11. For optimal development of air services in Africa the OAU policy makers:
Reaffirms the objectives set down in the African Declaration of Economic Co-operation, Development and Independence (Addis Ababa, May 1973) aiming at the best possible development of African international air services in all areas, notably network structure, flight frequency, co-ordination of schedules, co-operation agreements between airlines and the development of an intra-African freight service,

Encourage the completion of studies of an optimal correspondence system for airlines which would be included within the context of planned policy for co-ordinating the schedule of a given number of airports,

Commit themselves to the resolution on air transport policy adopted by the African Ministers of Transport, Communications and Planning (Addis Ababa, 9 to 12 May 1979) which notably stipulates that the notion of coastal traffic and its implications for international air transport in Africa should be studied by AFCAC with a view to fostering the development of intra-African air transport,

Support the principle of establishing a data bank aimed at gathering analyzing and diffusing as soon as reasonably possible the information necessary to applying a co-ordinated policy for the development of air services,

The bases of African policy

Bilateral agreements

12. The policies of African States as regards bilateral agreements is already determined and based on the control of the capacity to be implemented and the frequency of services.

Resolution ECA/UNTACDA/Res.79/7: Establishment of an African Air Tariff Conference

13. The OAU Council of Ministers at Monrovia in July 1979 adopted resolution CM/Res.739 (XXXIII) Rev.1, requesting AFCAC to take, in close co-
operation with AFRAA, ECA and OAU, the necessary steps to organize and establish an African Air Tariff Conference as a permanent institution for the purpose of determining the fares and freight rates to be applied by the African airlines.

14. In accordance with the terms of this resolution CM/Res.739 (XXXIII), a meeting was held at the headquarters of AFCAC in March 1980 at which representatives of AFCAC, OAU, ECA and AFRAA discussed the principles on which the African Air Traffic Conference would be based. According to all the participants at this meeting, the African Air Tariff Conference is justified by the importance attached by all Member States of OAU to solving the problems which now face the air authorities. These problems arise from the troubled economic situation in the world and the position concerning air transport regulations, which is characterized by the phenomenon of deregulation set off by the United States of America.

15. The OAU/AFCAC/ECA/AFRAA preparatory meeting noted moreover, that the tariff system established since 1940 on the basis of the bilateral air transport agreement known as the Bermuda I Agreement made in 1946 between the United States and the United Kingdom, whose multilateral nature is illustrated by the IATA tariff conferences, has undergone radical revisions following the remolding of the IATA. These revisions established the principle of two levels of participation in the IATA, one of them representing all the co-ordinated services and the other offering an optional co-ordination of tariffs.

16. The OAU/AFCAC/ECA/AFRAA preparatory meeting also recognized that one of the basic principles on which the African Air Tariff Conference would be founded is the following: the tariffs to be applied by the air transport companies should be maintained on reasonable levels, taking account of relevant factors, such as operating costs, type of service, reasonable profits, as well as the tariffs of other airlines using the same route, part of that route or similar routes. However, these tariffs shall be agreed on between the
airlines of the States which are parties to the Tariff Agreement through the African Air Tariff Conference. The secretariat services of the latter shall be provided by AFRAA according to rules previously agreed on by the African Governments, on the understanding, however, that the tariff scales established and adopted on the worldwide level shall, if necessary, be taken into consideration.

17. Following a report issued by the OAU Council of Ministers at its session in June 1980, in Freetown, resolution CM/Res.805 (XXXV) was adopted, requesting the convening of a Diplomatic Conference on the establishment of an African Air Tariff Conference.

18. The Diplomatic Conference was, in fact, held at Addis Ababa from 5 to 12 December 1980. It adopted a Convention establishing an African Air Tariff Conference. This Convention, which has been signed by the Plenipotentiaries, is now open for ratification. It will come into force on the thirteenth day following the signature of the twenty-fifth instrument of ratification or approval.
RESOLUTION ON UNITED NATIONS CONFERENCE ON NEW AND RENEWABLE SOURCES OF ENERGY

The Council of Ministers of the Organization of African Unity meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 to 26 June 1981,

Recognizing the significance of energy in national development and the role that new and renewable sources of energy can play in helping to meet the demand for energy,

Aware of the fact that accurate and reliable information on energy in general and new and renewable sources of energy in particular is frequently unavailable,

Conscious of the importance of integrating energy activities into overall national development programmes,

Convinced of the need for African countries to undertake joint action for the development and utilization of indigenous energy resources including new and renewable sources of energy,

Re-affirming the measures contained in the Lagos Plan of Action for the implementation of the Monrovia Strategy for the economic development of Africa,

Affirming the need for measures of international support for the implementation of energy programmes of the African Continent at the national, sub-regional and regional levels:

1. URGES African governments to implement the recommendations of the African Plan of Action made by the Regional Preparatory Meeting on New and Renewable Sources of Energy and endorsed by the seventh meeting of
the Conference of Ministers responsible for Economic Planning and Development, Freetown (Sierra Leone) 6 - 11 April 1981;

2. WELCOMES the decision to convene the United Nations Conference on New and Renewable Sources of Energy in Nairobi in August 1981;

3. URGES Member States of the OAU to intensify their preparations for and to participate in the abovementioned Conference at the highest possible level in view of its importance to the countries of Africa. To that end CALLS upon the OAU Secretary-General, with the collaboration of the Executive Secretary of the ECA, to organize and harmonize a common African stand during the Nairobi meeting.
RESOLUTION ON THE POLICY ON INTERNATIONAL AIR TARIFFS

The Council of Ministers of the Organization of African Unity, meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 to 26 June, 1981,

Having considered the report of the Secretary-General on the activities of the specialized agencies of the OAU relating to the African Civil Aviation Commission – Document CM/1120 (XXXVII) Part IV,

Recalling the Declaration of General Policy in the field of Civil Aviation adopted in accordance with its Resolution CM/Res.739 (XXXII) Rev.1 on Civil Aviation in Africa concerning the establishment of an African Air Tariffs Conference,

Considering that the present deregulation tariff policy of the United States which undermines directly the existence of a world mechanism for the fixing of tariffs, established since 1946,

Considering that in the context of international air transport, tariff control depends on both economic and political reasons,

Conscious of the importance of political considerations which account for the fact that national airlines benefit in time of crisis from governments financial support in the form of subventions or loans,

Considering therefore that an uncontrolled tariff competition would inevitably lead to political frictions between the governments involved,

Desirous however, of protecting inadequately equipped African National airlines through the provisions of appropriate tariff structures so that they may not be eliminated from the market by more powerful carriers,
Convinced of the need to provide a regular and continuous international air service, whose impact will assist in the building of an inter-dependent African economy,

Noting that the setting up of an African Air Tariff Conference is Africa’s contribution to the solution of the problems raised by the establishment of air tariffs, thus facilitating co-ordination with the world multilateral mechanisms of tariff establishment,

Taking note of Resolution 97-1, adopted in Nairobi May 1981 by the African Civil Aviation Commission, on international air tariffs:

1. DECLARES that any consideration with a view to reviewing any multilateral system of fixing international air tariffs, on worldwide basis, requires the participation of the entire international aviation community;

2. APPEALS to the Government of the United States of America to desist from any unilateral action likely to have an adverse effect on the multilateral mechanisms of tariff fixing and which may seriously prejudice the orderly development of Civil Aviation in Africa;

3. REQUESTS the Secretary-General to take all necessary steps to express formally to the government of the United States of America the concerns of the OAU Member States, about the adverse political effects its deregulation policy regarding international air tariffs may have.
The Council of Ministers meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 - 26 June, 1981,

The Council of Ministers of the Organization of African Unity, meeting in its
Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 to 26 June 1981,

Having considered the report of the Secretary-General on the activities of the
Specialized Agencies contained in Document CM/1120 (XXXVII) Part IV,

Recalling Council Resolution CM/Res. 568 (XXIV) and CM/Res.655 (XXXI) on the

RESOLUTION ON THE SPECIALIZED AGENCIES

The Council of Ministers of the Organization of African Unity, meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 - 26 June, 1981,

Having considered the report of the Secretary-General on the Specialized Agencies contained in Document CM/1120 (XXXVII) Part IV,

Recalling the adoption of resolution on the adoption of the Lagos Plan of Action which requests the OAU Secretary-General to utilize inter alia the services of the OAU Specialized Agencies in implementing the Lagos Plan of Action and the Final Act,

RESOLUTION ON THE INTERNATIONAL PROGRAMME
FOR THE DEVELOPMENT OF COMMUNICATIONS

The Council of Ministers of the Organization of African Unity meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 - 26 June 1981,

Recalling the decision taken by the General Conference of Unesco at its Twenty-first Session (Delgrade, September – October 1980) to establish an International Programme for the Development of Communications (IPDC);

Stressing that this decision is the logical conclusion of the numerous discussions held previously at the United Nations General Assembly and the General Conference of Unesco, as well as at various other meetings and conferences, in particular those organized by the OAU,

Recalling also that the establishment of the IPDC within the framework of Unesco is the result of a consensus reached by Member States wishing to create an international instrument designed to “increase co-operation and assistance for the development of communication infrastructures and to reduce the gap between various countries in the communications field”,

Supporting unreservedly the assertion contained in the recommendation on the IPDC adopted by the Inter-governmental Conference (Paris, April 1980) that “in order to reduce the existing limitations on indigenous capacity for the production and distribution of messages”,

Stressing that gaps are particularly apparent and appreciable between Africa and the rest of the world, in as much as the communication infrastructures and facilities on the African continent fall considerably short of the needs of populations and countries,
Reaffirming accordingly, that the launching and the rapid and effective implementation of the IPDC represent a contribution to the continent’s cohesion and to the exchange of information between African countries, as well as a decisive step towards the formulation and gradual establishment of a New World Information and Communications Order:

INVITES

1. The authorities to both developed and developing countries to give particular priority, by all means to their disposal, to the achievement of the Programme’s objectives;

2. The Government of all African countries to take measures as rapidly as possible, with a view to the formulation of national policies for the development of communications, the establishment of the necessary infrastructures both in urban and rural regions, and the introduction of ways and means of facilitating communication both within countries, between individuals and social entities, and between African countries themselves;

3. The developing countries, in particular those that possess oil resources and all those possessing the necessary means, to make financial or other appropriate forms of contribution to the IPDC;

4. The developed countries, as a token of international solidarity and attachment to the principle of inter-dependence in all fields of communication to take part without delay in the effort to increase the resources of the IPDC in order that it may be launched and established, and attain the necessary degree of effectiveness to be credible;

5. The regional bodies, as well as professional associations and other non-governmental organization of Africa, both national and regional, to co-operate as closely as possible, with the IPDC, particularly in the fields of the
press, radio and television, book production and copyright, the cultural industries and artistic activities, cinema and leisure activities;

6. The Organizations of the United Nations system, in particular the World Bank and UNDP, as well as the African Development Bank and the regional African organizations, to provide their support, skills, experience and resources for the purpose of ensuring the satisfactory operation of the IPDC.
RESOLUTION ON THE NEW INTERNATIONAL INFORMATION ORDER

The Council of Ministers of the Organization of African Unity meeting in its Thirty-seventh Ordinary Session in Nairobi, Kenya from 15 - 26 June 1981,

Considering that the struggle waged by the African peoples to complete and strengthen their independence and to eradicate the aftermaths of colonialism – in the political, economic, cultural and intellectual fields – merits the support of all who have the means to provide this,

Considering further, that the establishment of the New International Economic Order and of the New International Information and Communications Order is a major twin objective that is essential to the elimination of all forms of subjection of the peoples, and calls for broad understanding on the part of the developed and the developing countries and, likewise, for close co-operation between them.

Acknowledging that these aspirations that have been expressed by numerous Third World countries have gained the wholehearted support, at worldwide level, of a large part of public opinion, of governmental authorities and of non-governmental organizations,

Recognizing in particular that the establishment of the New International Information and Communication Order has received the approval and encouragement, within the United Nations system and, more particularly, in Unesco, of the representatives of all countries,

Mindful that the establishment of good relations and co-operation among the peoples on a basis of equality requires that the aspirations of all nations should be made known, extensively publicized, objectively reported and correctly appraised,
Re-affirming that the complete liberation of the oppressed peoples entails respect for the freedom of opinion and information, the freedom of access to information and balance in the flow of news,

Noting, however, that part of the world press and of the mass information media persists in taking advantage of its privileged position on the international scene by disseminating false information and by placing a wrong interpretation on the aspirations of the recently liberated countries, their needs in all areas, the objectives of their sovereign governments, the obstacles to their development and to the assertion of their Order and the international organizations, more especially Unesco, that are prepared to use every means in their power to meet the needs of the developing countries,

Noting with concern the efforts that a small number of media are still making, on the pretext of defending the freedom of information and the free flow of news, to maintain their position of monopoly, privilege and domination on the international scene:

1. APPEALS to world public opinion to oppose those who continue to belittle and distort the legitimate aspirations and objectives of the Third World countries and more especially of African countries;

2. INVITES the information organs of the developing world, and especially press agencies and media, to redouble their efforts to make a greater contribution to enriching the information about the Third World intended for world public opinion;

3. INVITES journalists and media that are still hostile to the objectives of the developing countries and to the targets of the New International Information Order to strive towards greater understanding, objectivity and truthfulness;

4. INVITES the international community, especially the regional and international bodies, to continue wholeheartedly to support African countries
in their action to develop communications and to establish a more equitable and balanced exchange of information and messages.
RESOLUTION ON THE RE-ELECTION OF MR. MOHAMED MILI TO THE POST OF SECRETARY-GENERAL OF THE INTERNATIONAL TELECOMMUNICATIONS UNION

Having heard the statements made by the representative of the Government of Tunisia on the re-election of Mr. Mohamed Mili to the post of Secretary-General of ITU,

Recalling the relevant decisions and resolutions of the Assembly of Heads of State and Government and of the Council of Ministers of African candidatures for senior posts in international institutions and organizations,

Further recalling Resolution CM/Res.813 (XXXV) adopted in Freetown, Sierra Leone in June, 1980 by the Council of Ministers inviting all Member States in conformity with PATU recommendations, to actively prepare for the next Session of the ITU Conference of Plenipotentiaries to be held in Nairobi, Kenya, from 28 September to 5 November 1982, and to harmonize their views on all agenda items of the ITU Conference including candidatures to the various posts at Headquarters, during the Second Session of the PATU Conference of Plenipotentiaries scheduled for January, 1982,

Considering the determination of Africa to play fully its role in international organizations and agencies of the United Nations Systems and to help strengthen the said organizations,

Recognizing that Mr. Milli’s outstanding performance and initiatives as Head of the ITU, has contributed immensely to Telecommunications infrastructural development in Africa,
Noting that he is the only African candidate presented for the post,

Reaffirming its constant desire that Africa should continue to avail itself of the opportunity to head some of the organizations and agencies within the United Nations system:

1. DECIDES to give its full support for the renewal of the term of office of Mr. Mohamed Mili as Secretary-General of ITU;

2. REQUESTS the OAU Secretary-General to communicate this Resolution to the PATU Conference of Plenipotentiaries in order for it to take all appropriate action to enlist the support of Regional Telecommunications Organizations in other parts of the world;

RESOLUTION ON THE COMMON FUND FOR COMMODITIES

Having considered the report of the Secretary-General on International Negotiations contained in Document CM/1120 (XXXVII) Part III,

Recalling its Resolution 835 (XXXVI) adopted at the Thirty-sixth Session on International Negotiations which, inter alia, noted with satisfaction the successful conclusion of the UN Negotiations on the Common Fund for commodities,

Recalling further the operative paragraphs 2 and 3 of the said resolution urging all OAU Member States to sign and ratify the agreement, open for signature at the United Nations Headquarters since October 1980,

Noting with concern that so far only five African countries have signed the agreement and none has ratified it and on the whole, progress of signature and ratification of the Agreement is not encouraging,

Noting with appreciation the decision of the Ministers of Finance of OPEC member countries to extend grants to the Least Developed Countries to enable them to pay their total subscriptions to the directly contributed Capital of the Common Fund,

Bearing in mind the requisite conditions and the time frame envisaged for the entry into force of the Agreement:

1. TAKES NOTE of the report of the Secretary-General on International negotiations, in Document CM/1120 (XXXVII) Part III;
2. REAFFIRMS the support of all member States for the Common Fund for Commodities and for its early entry into force;
3. STRONGLY URGES all OAU Member States who have not yet done so to sign and ratify the Agreement so that it can come into force within a time frame compatible with the urgency of the development needs of developing countries;

Secretary-General to take all measures to implement the measures of the Mexico
City Programme on ECDC and those of the Eleventh Extra-ordinary Session of the
Council of Ministers,

Noting that the General Secretariat was not able to be represented at the Caracas
Conference on ECDC,

Stressing that the objectives of economic co-operation at the global level and the
implementation of the Caracas Programme of ECDC must be related to the
objectives of the Lagos Plan of Action in terms of contributing in a complementary
manner to the realization of the Lagos Plan objectives:
