Article 4

Guiding Principles

The guiding principles of the Africa CDC shall be:

1. **Leadership**: The Africa CDC is an institution that provides strategic direction and promotes public health practice within Member States through capacity
building, promotion of continuous quality improvement in the delivery of public health services as well in the prevention of public health emergencies and threats.

2. **Credibility:** The Africa CDC’s strongest asset is the trust it cultivates with its beneficiaries and stakeholders as a respected, evidence-based institution. It plays an important role in championing effective communication and information sharing across the continent.

3. **Ownership:** The Africa CDC is an Africa-owned institution. Member States will maintain national-level ownership of the Africa CDC simultaneously through an advisory role in the shaping of Africa CDC priorities and through direct programmatic engagement.

4. **Delegated authority:** In the event of a public health emergency on the continent with cross border or regional implications, the Africa CDC is mandated to deploy responders, in consultation with affected Member States to confirm and/or contain the emergency. Thereafter, the Africa CDC will take the appropriate steps to notify the Commission of its action.

5. **Timely dissemination of Information:** The Africa CDC leadership will regularly update Member States on ongoing actions based on (d) above and seek their support and collaboration. It should leverage collaboration and engage Member States in strong partnerships and networking.

6. **Transparency:** Open interaction and unimpeded information exchange between the Africa CDC and Member States is inherent in the mission of the Africa CDC.

7. **Accountability:** The Africa CDC is accountable to Member States in its approach to governance and financial administration.

8. **Value-addition:** In every strategic aim, objective, or activity, the Africa CDC should demonstrate how that initiative adds value to the public health activities of Member States and other partners.

**Article 5**

**Framework**

The Africa CDC is an Africa-owned institution that adds value and is highly credible and shall operate in collaboration with Regional Centers in the pursuit of its strategic objectives. The Africa CDC shall therefore operate within the following framework:
