### AU-ASEOWA MANNED ETU DISCHARGES 11 EBOLA SURVIVORS

**Monrovia, Liberia 12 December 2014-** The African Union Support to the Ebola Outbreak in West Africa (ASEOWA) medical team in charge of the Ebola Treatment Unit (ETU) at MOD1 in Monrovia Liberia, discharged 11 Ebola survivors.

It was a mix of emotions for the survivors and their families who were waiting to re-unite with their loved ones who have 'passed through the valley of the shadow of death' in the past few weeks. The survivors were each given relief kits to assist them in their new start of a new life after Ebola.
