Second Policy Dialogue: Facilitating the implementation of the Programme for Infrastructure Development in Africa (PIDA)

Objective:

Providing a platform to member states to engage on domestic resource mobilization, acceleration of current projects, and contribution to the development of PIDA PAP2. The dialogue will provide focus on the maritime transport sub-sector and the unlocking access to rural and remote areas in continental priorities for the next decade. The dialogue also aims to identify key policy and regulatory frameworks that will facilitate and accelerate the delivery of PIDA projects.

Theme:

Commitment of the Member States for accelerated development of regional and continental infrastructure.

Target Audience:

PIDA focal persons from the sectorial ministries responsible for infrastructure development of the AU Member States, Regional Economic Communities (RECs), African Union Commission, African Development Bank, African Union Development Agency (AUDA-NEPAD), United Nations Economic Commission for Africa (UNECA), agencies promoting infrastructure investments, civil society, journalists, private sector, Youth, Women and development partners.
